Dan,

This letter is a follow up to our meeting on June 3<sup>rd</sup> where we discussed the opportunity in the Red Brook watershed for Scarborough to take advantage of the option in Section 9 of the Chapter 500 Stormwater Management Rules that allows municipalities to substitute a stormwater management program for the state stormwater permit requirement. We want to affirm that we will be supportive of Scarborough's efforts to develop such a program, and that we recognize that the Red Brook Management Plan along with some of the Town's recently passed zoning polices are a big step in that direction. We look forward to working closely with you in this effort.

Sincerely,
